Dear Mr. Perciballi:

ArmorWorks Enterprises LLC's submittal of First Article ESAPI Design, Design Code #1063-MP2S1, for sizes X-Small, Small, Medium, Large, and X-Large were tested for ballistic requirements at HP White on 19 September 2007 and found acceptable.

All production quantities submitted after approval of the First Article shall be produced using the same procedures that resulted in the manufacture of an acceptable First Article. This includes using the same raw materials and component parts.

Production is authorized.

Approval of this First Article does not relieve ArmorWorks Enterprises LLC from meeting all the requirements of the contract and specification.

Questions regarding the above should be directed to Sherri Comer, 410-278-0867, fax: 410-306-3710, or e-mail: [sherri.comer@us.army.mil](mailto:sherri.comer@us.army.mil).
